

Heart of the Warrior 2017 Men's Weekend

*...a three day journey into the
recovery of your masculine soul.*

The weekend is a time for you to get away from the craziness of life so you can rediscover what God intended when He created you as a man in His image (Genesis 1:27). It is a quest into the recovery of your masculine heart based on the book *Wild at Heart* by John Eldredge. It is not a typical men's event. Through the stories of other men, teaching sessions, films, adventure activities, and guided periods of reflection, we will journey together on a daring expedition to get your masculine heart back.

6pm Thursday, Aug. 24th through noon Sunday, Aug. 27th

Location: UP Bible Camp in Little Lake, MI (near Gwinn)
